PROFESSIONAL EXPERIENCE

Bloomberg — Software Engineer Intern

London, UK | Jul 2024 – Sep 2024

- Added streaming backfill to the market-data normaliser so late ticks no longer dropped silently
- Reduced memory use of the tick buffer by 40% by switching to an arena allocator

Monzo — Backend Engineering Intern

London, UK | Jun 2023 – Sep 2023

- Built a Go service that flags duplicate card authorisations before they reach settlement
- Wrote the chaos test that caught a race in the ledger's idempotency check

ACADEMIC BACKGROUND

Imperial College London — MEng Computing

London, UK | Oct 2021 – Jun 2025

TECHNICAL SKILLS

Go, C++, Kotlin, Cassandra, Kubernetes
