EDUCATION

08/2024 – 12/2025 **Carnegie Mellon University**, Pittsburgh, PA

M.S. in Computer Science · GPA: 3.93/4.00

07/2019 – 05/2023 **Indian Institute of Technology Madras**, Chennai, India

B.Tech in Computer Science and Engineering · GPA: 9.1/10

WORK EXPERIENCE

05/2025 – 08/2025 **Amazon**, Seattle, WA

Software Development Engineer Intern

- Designed a sharded cache in front of the seller-inventory service, absorbing 60% of read traffic
- Load-tested the design to 40k requests per second and wrote the launch readiness review

07/2023 – 07/2024 **Flipkart**, Bengaluru, India

Software Engineer

- Owned the order-promise estimator used on every product page during Big Billion Days
- Cut estimator cold-start time from 14s to 2s by precomputing warehouse lead-time tables
- Led the migration of three services from a monorepo build to Bazel

SKILLS

Java, Kotlin, Python, DynamoDB, Redis, Bazel
